FROM THE COMMITTEE

The ABK Committee are completely focused on ensuring we have a new location for ABK in 2026. We have increased our meeting frequency to fortnightly and are putting together a Relocation Working Group to support us in achieving the best outcome.

At our Community Info Night we presented the steps we have taken so far to try and rehome ABK and heard loud and clear that we need to be acting swiftly, keeping ABK front of mind while we have some political support.

We will be posting updates to the new relocation webpage as we learn more:
<https://www.adelaidebikekitchen.net/abk-relocation>

IN THE SPOTLIGHT

LIZEY

A solid worker with a great positive attitude.

Lizey is a naturally gifted mechanic always happy to share her knowledge and help people fix their bikes!

She is always helpful, using initiative and jumping in to getting things done, which is what makes ABK thrive!

Thanks Lizey for being a part of ABK & sharing your joyful attitude with all of us. You are a great person to have at ABK, your friendly optimism is a boost for all of us <3

A bunch of ABK supporters rode to the **Croydon Community Forum** on Thursday July 24. The show of support got us ABK the personal assurance of Premier Malinauskas that he will assist us in finding a new location for ABK in 2026! The Premiers support is already opening new possibilities for the future ABK.

On Thursday 31st July 33 folks came along to ABK for our **Community Info Night** to bring everyone up to speed on the upcoming relocation. We are blown away by the support of our wonderful community. As the opportunities develop for the new ABK location we will hold more community sessions to keep everyone informed.

We were fortunate to receive **Respect the Line** training from the **Working Womens Centre** for our vollies. Thanks to Maddie who came along and ran an excellent session for the team.
