FROM THE COMMITTEE

-  A big thanks to Joey & Maddy for building ABK some sweet new social space furniture & finalising our DHS grant for the space renos. Next time you are in the workshop grab out one of the new couch benches and have a relaxing time chatting to some folk.
-  Its summer holidays time! ABK will host our last workshop for the year on Saturday December 23rd and reopen on Wednesday January 10th after our summer closure!
Happy holidays to you all out there <3
-  Info: our 'In the spotlight' segment is a special nomination that comes from the whole committee. We close each meeting by choosing a special someone and each sharing what we appreciate about them and how they have contributed to ABK

IN THE SPOTLIGHT

TOM

the ultimate flexible volunteer! We met Tom at the ABK xmas party last year and he has since become one of our regular core volunteers.

His kind & welcoming energy, & spot on ABK morals means we never need to second guess a call he makes. Thank you Tom for joining our crew and making consistently good garlic bread, we whole heartedly endorse you!

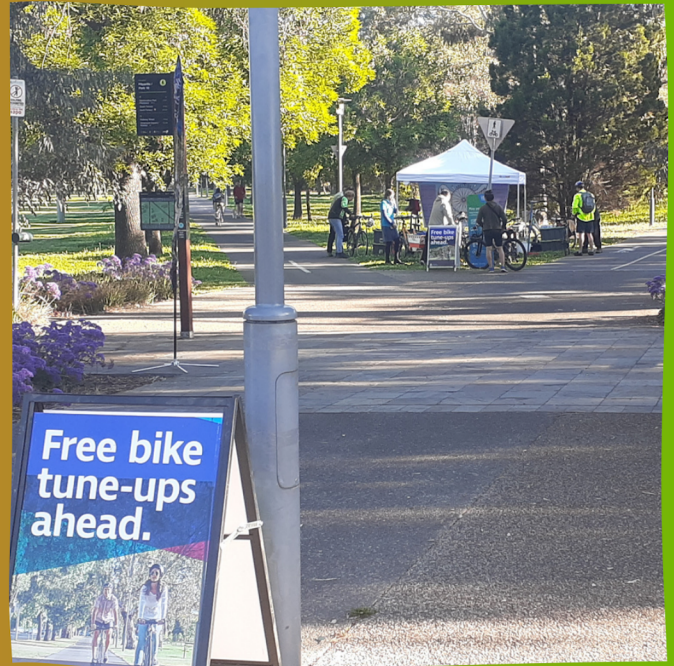

ADVANCED COURSE

Congratulations to our latest batch of graduates from our 10 Week Advanced Bike Mechanics Course. This group worked hard over the last few months and are ready to use their new mechanics skills to keep bikes rolling in Adelaide! Well done all!

ACC POP UPS

A bunch of our friendly ABK mechanics have been out providing FREE bike tune ups for commuters through summer thanks to the City of Adelaide! They will be out again on JAN 31st, Dequetteville Terrace and Bartels Road intersection. Come along between 7am-9am and say hi!

Liked by theagencyofmischiefandmayhem sarahj0417 I was a bit nervous walking in, but my first visit to @adelaidebikekitchen was absolutely fantastic. I felt welcomed, safe, and not even remotely judged for my bike ignorance or my odd mishmash of a steed (indeed, a volunteer took me outside to show me how uncool his bike was as well haha). I was supported through not only changing my brake pads by myself, but also adjusting the brakes other ways, and tricks to keep various bits clean. AND a lovely border collie barrelled up several times for pats. And I was offered snacks. So good. Truly could not have asked for a better experience. I left a bit more capable, a bit more confident, with better awareness of how bits of my bike work and very grateful we have such a brilliant space here in Adelaide to learn these things!

rebrubrob So proud of our ABK vollies for helping you feel this way and more confident. Thanks for taking your time to share your experience. Well done!!!

WE GOT SOME SPECIAL FEEDBACK
