## FROM THE COMMITTEE

### WE NEED YOUR HELP - Tuesday

**Krewsdays** have become a really important time to start organising stuff before we move in April. If you can spare even half an hour it would be a big help! Come to as many Tuesday sessions as you can and lend a hand!

**Speaking of help...** come along to **Bike Blitz** on Sunday 1<sup>st</sup> Feb from 12-5pm. Help us build up bikes for sale before the big move and start getting those magic machines out of our storage and rolling on the streets of Adelaide! This is in preparation for a big sale later in Feb.

**A reminder that we are no longer accepting donations and no more project bikes** as we downsize as we prepare for the big move.

### IN THE SPOTLIGHT

## WILL & PETER

ABK's course delivery dream team! They put so much love & effort into the 2025 Advanced Course (and all the courses!) Having such great facilitators gets people SO jazzed to fix bikes which is what ABK is all about!

Thank you both for all the extra touches you put in that make courses engaging and meaningful. The course was tailored to each persons learning needs and really made people feel enabled to learn and like they belong. Helped by the great group of participants, this last Advanced Course in our Bowden space really was a special one. Thanks guys for spreading the love of loving bikes far and wide! we really appreciate you <3

### Xmas Lights Ride

A record turn out with over 50 riders for this years event! Big thanks to the ABK vollies who helped out and to DJ Sepia for the best xmas playlist ever.

### First Full Moon Ride of 2026

Thanks to Josh for leading the crew on the first full moon ride! Moon rides are such a fun and important ABK tradition and we started this year off with a real nice one :)
