FROM THE COMMITTEE

-  We have set the date of the next AGM on August 7th - nomination forms will be out from July.
-  We are seeking feedback on deciding to remove the vaccination requirement for our volunteers - check out the survey coming your way & tell us your thoughts
-  We are exploring options to Pay The Rent at the end of this financial year with 1% of our profits going to a Kaurna run project or organisation

IN THE SPOTLIGHT

BOKI

(and his supervisor Medo) always bring the most fantastic energy, vibing up ABK!

Boki is great at supporting people at ABK in his kind and thoughtful ways and always comes with the best stories. Thanks Boki for all the love you give to ABK!

ADVANCED MECH COURSE

We have just released tickets for our annual Advanced Bike Mechanics Certification Course. Returning for its fourth year, this year the course will be delivered over 10 weeks from Sept 4th.

This is a comprehensive bike mechanics course, covering all major bike components, producing fully trained mechanic graduates and is being delivered by Peter Good & Morgan Glancey. Each session has a theory and practical component and with the final session a practical assessment to ensure competency. Head to our website for more info & to secure your spot!

WORKSHOP UPGRADES

A huge amount of work has been going on behind the scenes at our beloved workshop. After being awarded grant funding from DHS, heaps of awesome new features have been added to the space in projects headed by Peter and Will.

Our new mobile and versatile work benches have been finished with complete tool sets at each station. They are all on wheels!!! AND the tool boards come out and they can turn into one giant bench. The kids from SASY are working on sprucing them up with paint. We  them!
